Instruction

- **Hi, welcome to join MathWorks community!**
- This guide describes how to install and activate a Total Academic Headcount (TAH) license. The TAH license allows campus-wide access on university-owned computers to all faculty, staff and students. Faculty, staff, and students are also able to install MathWorks software on their personally-owned computers.
- If you use Mobile phone to read this document, please open with Adobe Acrobat Reader APP for hyperlink (App download: iOS: <https://goo.gl/Z4LCyj> Android : <https://goo.gl/Ty4ohc>)
- **Legends:**

– Installation type Overview

Quick Start Guide

Before Install Software

- Please check hardware and system for success installation.
 - System Requirements & Platform Availability
[\(http://www.mathworks.com/support/sysreq/current_release/\)](http://www.mathworks.com/support/sysreq/current_release/)
 - 64 bit OS supports the latest release.
 - 32 bit OS, only support 2015b or earlier releases.
- Note:
 - The whole installation process requires internet, please make sure you have internet access before start installation process
 - You can install different version MATLAB in one computer.
 - The number of download and install software on computer with One MathWorks' account is unlimited.

Installation Type Overview

Choose the installation type you need.

- New User, never install MATLAB before.
- New Computer would like to install software.

A. New Installation

GO

- Command window shows the notification of license expiration.
- Activation wizard appears when open MATLAB.

B. License Expired

GO

- Keep current MATLAB, still want to download the latest version.

C. Use latest Release or use different version of MATLAB

GO

- Unknown software source, wish to adopt to authentic MATLAB license.

D. Legal License Adoption

GO

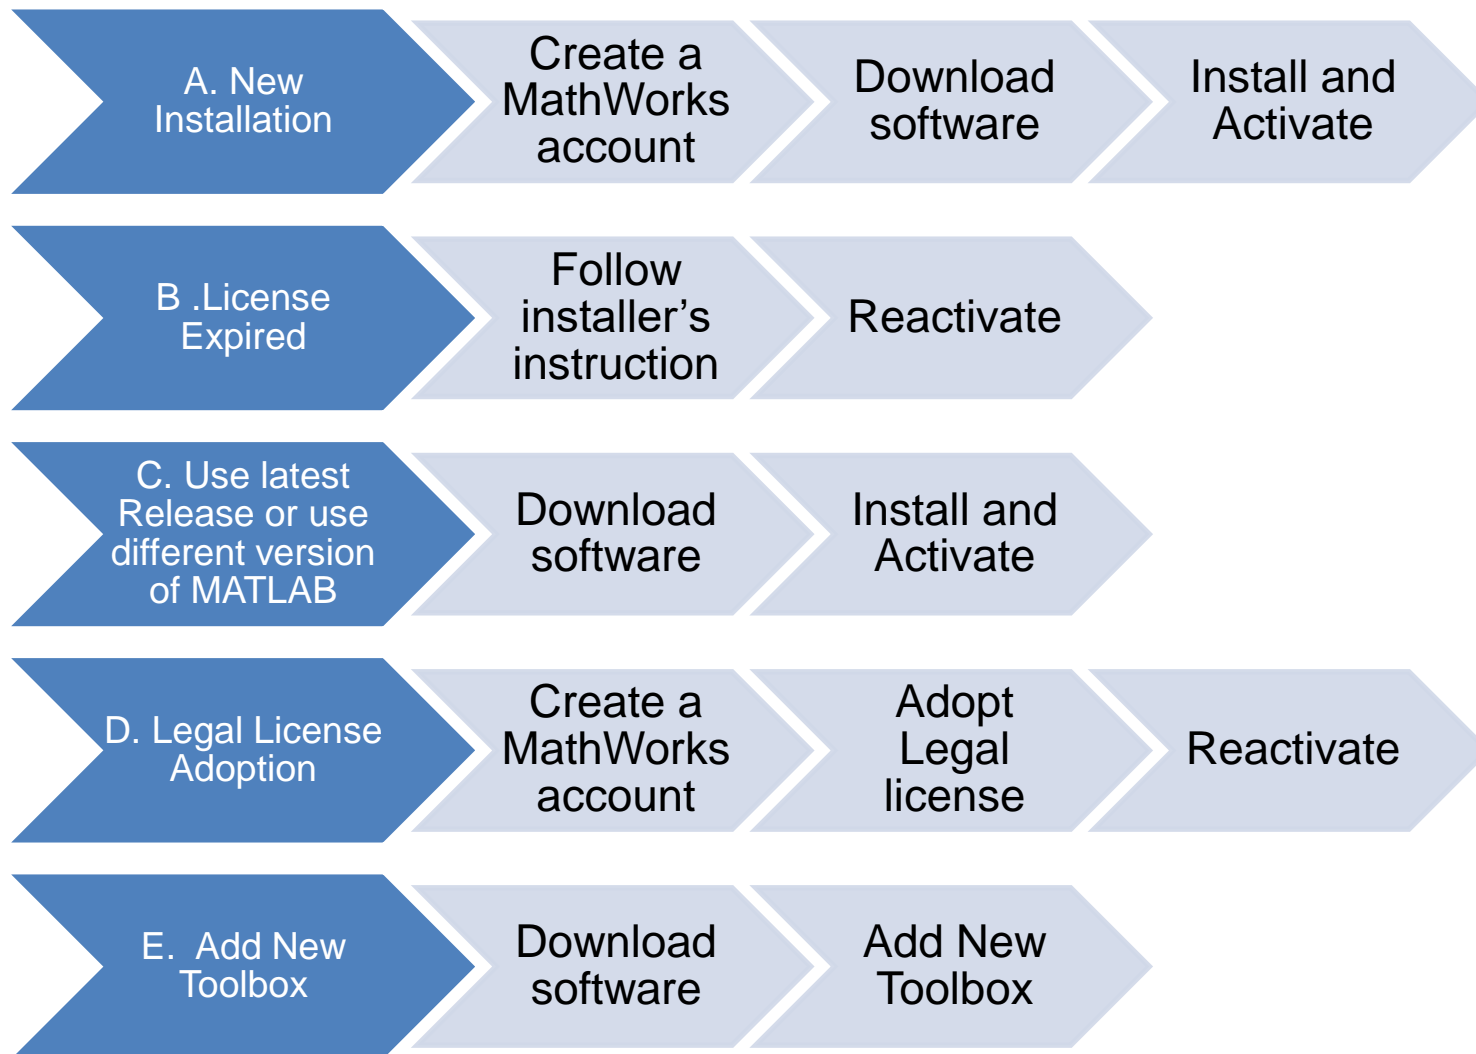

- Add new toolboxes into
 - The latest release
 - Existing release

E. Add New Toolbox

GO

Quick Start Guide

A. New Installation

Complete installation and continue active software.

Click close to continue
activation processes

Installation complete.

Now your MATLAB & Simulink is ready for use

B. License Expired

Click two processes in order to follow instruction

You can continue using when the license expire notification appears on Command Window. When the license is expired, reopen MATLAB and follow the instructions from installer.

Reactivate

Follow the installer's instruction, choose "Activate automatically using the Internet"

Log in to your MathWorks Account

The image shows a Windows-style dialog box titled "Log in". It contains two radio button options: "Log in to your MathWorks Account" (which is selected) and "Create a MathWorks Account (requires an Activation Key)". Below the first option are two text input fields labeled "Email address:" and "Password:". A blue underlined link "[Forgot your password?](#)" is positioned below the password field. The "MATLAB & SIMULINK" logo is in the top right, and a 3D surface plot icon is in the bottom right. At the bottom of the dialog are four buttons: "< Back", "Next >", "Cancel", and "Help". The MathWorks logo is also in the bottom right corner of the dialog.

Select License **1089594**

License Selection

Select a license or enter an Activation Key

The installer will determine which products to install based on your license.

Select a license:

License	Label	Option
		Staff - Designated Computer

Enter an Activation Key for a license not listed:

You may have received the [Activation Key](#) from the Administrator of the license.

< Back Next > Cancel Help MathWorks

Complete activation processes

Activation is complete

Now your MATLAB & Simulink is ready for use

C. Use latest Release or use different version of MATLAB

Click two processes in order to follow instruction

D. Legal License Adoption

Click three processes in order to follow instruction

Adopt Legal license

Steps for people who Already installed MATLAB

if you would like to install the current release, please refer to [C.Use latest Release or use different version of MATLAB] instructions

- Run MATLAB , Click Help -> Licensing -> Activate Software

Please choose the next step according to the installation type that you selected.
Click Red box to continue

If you choose [D. Legal License Adoption] installation type click [Reactivate] to continue.

Not the type you would like to install? click the icon return to top

E. Add New Toolbox

Click two processes in order to follow instruction

Add New Toolbox

Run MATLAB installer, select Log in with a MathWorks Account and follow the online instructions.

Frequently Asked Questions

Frequently Asked Questions

Q: If we install new version of MATLAB, could we use the old one at the same time?

A: Yes , you can install multi versions in your computer

Q:How many copies of MATLAB that one account have ? Any constrains regards to software version?

A: you can install MATLAB into different devices and computers

Q: Will university provide training course?

A: Yes, please stay informed of Information Center's announcement.

Q:What should I do when the license expire notification appears on Command Window?

A: Reopen MATLAB and follow the [instructions](#) from installer to reactivate it.

Q: How to add New Toolbox?

A: Follow [Add New Toolbox](#) instructions

Frequently Asked Questions

Q: Why I didn't receive the verification mail?

A: It takes a while to receive the mail, please wait for 5-10 min; the mail may also be sorted into junk mailbox, please check before resend the verification mail.

Q: Why I couldn't find certain tools after installed whole package?

A: Several tools require activating independently, if you would like to install following tools, Please contact Terasoft for instruction.

- MATLAB Parallel Server (MATLAB平行運算伺服器)
- MATLAB Web App Server (MATLAB網路應用程式伺服器)
- MATLAB Production Server(MATLAB 生產伺服器)
- MATLAB Grader (MATLAB線上作業自動評分系統)
- RoadRunner (3D駕駛場景模擬編輯器)
- Polyspace產品家族

Q: How to learn MATLAB online?

- Check the Self-Paced Online Courses
<https://matlabacademy.mathworks.com/>
- More example, webinars and ebooks on:
<https://www.mathworks.com/academia.html>
